# Release Notes

The SmartPost upgrade follows the supported upgrade paths from 2013 and 2015 that are available for Microsoft Dynamics GP.  You can find these on PartnerSource or CustomerSource in the Upgrading to Microsoft Dynamics GP 2016 Hot Topic.

# Installing

If you are currently using Microsoft Dynamics GP 2016, you just need to run through installation steps for this new build of SmartPost.  The documentation on how to install can be found in the SmartPost Manual.

# Upgrading

If you are currently using Microsoft Dynamics GP 2013 or 2015, SmartPost will not need to be run through any special update process.

# Registration Keys

After installing this SmartPost build, you will need registration keys for it.  These keys are available from your Partner or by calling eOne at 888-319-3663.

# New Features

### 20.16.0.8

- PDF option added for Posting Reports when Adobe is installed
- Microsoft Dynamics GP Workflow process supported added to SmartPost
